The enclosed Technical Meeting Request Form (TMRF) has been prepared to the best of my ability. I understand that all rights to the conference described in this request, including without limitation, the name of the conference, and whether arising now or with respect to the same conference held in the future, are the property of and belong to the sponsoring organization(s) and ACM, the parent organization as indicated in the TMRF. I have disclosed to ACM in writing all person or entities that, to my knowledge, have or may have, any rights in or to the conference described in this request.

I agree to comply with ACM financial policies regarding expenditures and income. I understand that should the income or expenses of the budget change by more than 15%, the budget will need to be updated and resubmitted to ACM for approval by the sponsoring entities.

If using an outside bank account, I will remit to ACM all surplus within 120 days post-event, and provide the following reports and documents:

- Complete Financial Report showing all income and expenses
- Copy of the local accounts bank statement
- Backup proofs (receipts) of all expenses processed through the local account
- A copy of the registration report listing each attendee's information and the amount they paid
- Name, address and amount received for all sponsorships, if any
- Name, address, tax identification, and amount paid for all recipients of grants, awards, and honorariums, if any

I have reviewed the ACM Conflict of Interest Policy and understand that it is against ACM policy to compensate conference volunteer leaders via payment or honorarium. I understand that registration discount codes must be provided to those receiving complimentary registration, as it is against ACM policy to reimburse registration fees.

I understand that if the proceedings are produced by a non-ACM vendor, an electronic copy of the proceedings must be submitted to ACM within 120 days post-event.

I acknowledge that I have reviewed and will adhere to ACM's Code of Ethics and ACM's Privacy Policy.

I have reviewed the ACM policy on the free circulation of scientists as it applies to the ACM Resolution on Sponsorship of International Conferences of 25 May 1975 and of the spirit and intent of the relevant Resolution on the Free Circulation of Scientists of the International Council of Scientific Unions. I know of no aspect of the proposed meeting that is contrary to this intent.

The open exchange of ideas is central to the ACM's mission. This requires an environment that embraces diversity and provides a safe, welcoming environment for all. I have reviewed the Policy Against Harassment at ACM Activities, and understand that this policy applies to all ACM activities, including:

- Conferences, symposia, workshops, and events sponsored, co-sponsored, or in cooperation with ACM any ACM SIG or Chapter or any other ACM subunit
- ACM member meetings
- Exchanges among committees or other bodies associated with ACM activities, publications and communications sent through communication channels associated with ACM, including social media

I acknowledge that I am authorized to sign this Statement of Understanding, and I know of no conflicts with the statements made herein.

I understand that ACM will indemnify me for any damages I may incur provided that I have adhered to the foregoing policies and procedures.
